CONFERENCE BROCHURE

Overview

The *2010 International Disaster Management Conference* has been designed to meet the educational needs of all persons and agencies involved with emergency preparedness, response, and disaster recovery. This year's Planning Committee acknowledges the unique role that the myriad of first responders, response agencies and communities play in planning for, responding to, and mitigating disasters.

Who Should Attend

All persons and agencies involved with emergency preparedness, management and response... firefighters, EMS personnel, emergency managers, hospital administrators, physicians, nurses, DMAT personnel, disaster planning coordinators, medical facility administrators, law enforcement officials, search and rescue responders, civil preparedness officials, mass fatality responders, and others who play important roles in critical incidents.

CONFERENCE BROCHURE

February 18-21, 2010

The Rosen Centre Hotel
Orlando, FL

Conference Highlights

- **Continental Flight 1404 Crash: Lessons Learned**
- **National Jewish Hospital Evacuation: Lesson Learned**
- **Ten Things You Should Never Say on Television: Disaster PIO**
- **Santa Barbara California Fires of 2009: Lessons Learned**
- **G-20 Summit: Lessons Learned, An EMS Perceptive**
- **Planning for Alternate Medical Treatment Sites**

Program Objectives

Following the completion of the conference, participants will be able to:

- Appraise the various roles and challenges of first responders, disaster managers, healthcare professionals and other public safety officials in the management of disaster response.
- Through lessons learned in several recent domestic and international disaster events, apply improved techniques to better prepare communities for future disaster responses.
- Explain how to plan and respond to events involving man-made and natural disaster events.
- Discuss the challenges involved in planning for and responding to events involving man-made and natural disaster events.
- Explain the process for emergency services involvement in the planning and response to a mass gathering event.
- Explain the process for emergency management involvement in the planning and response to a mass gathering event.
- Discuss planning and response considerations for suicide bombings.
- Discuss the planning and response considerations for responding to a mass shooting incident.
- Discuss the methods for mitigating medical response to a disaster event involving mass casualties.
- Discuss the methods for mitigating fire service response to a disaster event involving mass casualties.
- Discuss the process for planning and management of emergency consequences during national security event.
- Explain the concept and purpose of a Medical Intelligence Officer.
- Explain how a Medical Intelligence Officer is involved in the planning and management of emergency consequences during high security or terrorist event.
- Explain the ten things you should never say on TV and their relationship to being a Disaster Public Information Officer (PIO).
- Discuss the lessons learned during the National Jewish Hospital Evacuation and how they can be used to prepare your agency/organization to perform a hospital evacuation.
- Discuss the lessons learned during the DC Metro train derailment and how they can be used to prepare your agency/organization to respond to a similar event.
- Discuss the lessons learned during the G-20 Summit and how they can be used to prepare your agency/organization to respond to a similar event.
- Discuss the lessons learned during the Continental Flight 1404 Crash and how they can be used to prepare your agency/organization to respond to a similar event.
- Discuss the "2010 National Commission on Children & Disasters Report on EMS" and how the report could affect your agency/organization.
- Discuss the concept of Cyber-Terrorism and what it could mean to your agency's response capabilities.

Continuing Education Credit

Physicians - The Emergency Medicine Learning and Resource Center is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians. The Emergency Medicine Learning and Resource Center designates this continuing medical activity for up to 23 hours in Category 1 of the Physician's Recognition Award of the American Medical Association. Each Physician should claim only those hours of credit that he/she actually spends in the educational activity. Application has been made to the American College of Emergency Physicians for up to 23 hours of ACEP Category 1 credit and the American Osteopathic Association for up to 23 hours of Category 2 Credit.

Paramedics and EMTs - This educational activity is approved by the Emergency Medicine Learning and Resource Center, an organization accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS), for up to 23 credit hours. Participants that require approval other than CECBEMS should consult their local Medical Director or State EMS Office.

Fire Service - Application has been made to the Florida Bureau of Fire Standards and Training for review regarding approved contact hours.

Law Enforcement Personnel - Consult your local agency Administrator regarding course approval for mandatory retraining.

Mental Health Professionals - Consult your respective licensing board regarding approval for continuing education credits. Certificates of attendance will be provided.

Nurses - Up to 23 nursing contact hours will be provided by the Emergency Medicine Learning and Resource Center (EMLRC). The EMLRC is approved as a provider of nursing education by the Florida Board of Nursing, Provider #2731.

Preconference 1 - Approved for up to 4 credit hours.

Preconference 2 - Approved for up to 4 credit hours.

General Sessions - Approved for up to 15 credit hours.

To receive CME credit, participants must sign in each day.

Attendance at an entire session is required to receive credit.

Americans with Disabilities

EMLRC wishes to ensure no individual with a disability is excluded from the conference. If auxiliary aids or services are required in order to attend this program, notify EMLRC 15 days prior to the start of the conference.
