**WORKSHOP
BROCHURE**

Workshop Overview

The Emergency Services Infectious Disease Officer's Workshop 2007 has been designed to create an educational experience that will help EMS, Fire Rescue, Law Enforcement and Corrections personnel obtain the knowledge and skills needed to develop and maintain an infectious disease/control program that is effective and efficient in protecting their co-workers from exposures and illnesses related to infectious disease situations.

Who Should Attend

Paramedics, EMT's, Firefighters, Law Enforcement Officers, Corrections Officers, EMS/Fire/LEA Administrators who are responsible for or want to learn more about the infectious disease/control process and the responsibilities of an Infectious Disease Officer for an emergency services organization.

Workshop Overview

The Emergency Services Infectious Disease Officer's Workshop 2007 has been designed to create an educational experience that will help EMS, Fire Rescue, Law Enforcement and Corrections personnel obtain the knowledge and skills needed to develop and maintain an infectious disease/control program that is effective and efficient in protecting their co-workers from exposures and illnesses related to infectious disease situations.

Who Should Attend

Paramedics, EMT's, Firefighters, Law Enforcement Officers, Corrections Officers, EMS/Fire/LEA Administrators who are responsible for or want to learn more about the infectious disease/control process and the responsibilities of an Infectious Disease Officer for an emergency services organization.

Program Objectives

Following the completion of the conference, participants will be able to:

- ~ Explain/Discuss the responsibilities of an infection control officer.
- ~ Explain/Discuss OSHA 1910.130 and how it relates to emergency services.
- ~ Develop/update a policy for cleaning, disinfecting and sterilizing medical equipment for their organization.
- ~ Develop/update immunization guidelines/policies for their organization.
- ~ Develop/update infectious disease exposure guidelines/policies for their organization.
- ~ Explain/Discuss the concept of occupational disease presumption.
- ~ Explain/Discuss the Florida occupational disease presumption laws.
- ~ Explain/Discuss NFPA 1581 and its effects on their organization.
- ~ Develop/update needlestick guidelines/policies for their organization.
- ~ Explain/Discuss the concepts of needleless IV and medication systems.
- ~ Explain/Discuss respiratory protection issues and policies as they relate to their organization.
- ~ Develop/update HIV/AIDS Post Exposure and Prophylactic Medications guidelines/policies for their organization.
- ~ Discuss the current information related to MRSA.
- ~ Develop/update a record keeping system for infectious disease management in their organization.

Continuing Education Credit

Paramedics and EMTs - This educational activity is approved by the Florida Emergency Medicine Foundation, an organization accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS) and the Florida Department of Health, Bureau of EMS, for up to 12 credit hours. Participants that require approval other than CECBEMS should consult their local Medical Director or State EMS Office. You are participating in a continuing education program that has received CECBEMS approval for continuing education credit. If you have any comments regarding the quality of this program and/or your satisfaction with it, please contact CECBEMS at: CECBEMS 5111 Mill Run Road, Dallas TX 75244, (972) 387-2862, lsibley@cecbems.com.

Physicians - The Florida Emergency Medicine Foundation (FEMF) is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians. The Florida Emergency Medicine Foundation designates this continuing medical education activity for up to 12 credit hours in Category 1 of the Physician's Recognition Award of the American Medical Association. Each Physician should claim only those hours of credit that he/she actually spends in the educational activity. Application has been made to the American College of Emergency Physicians for up to 12 hours of ACEP Category 1 credit. Application has been made to the American Osteopathic Association for up to 12 hours of Category 2 credit.

Nurses - Up to 12 nursing contact hours will be provided by the Florida Emergency Medicine Foundation (FEMF). The FEMF is approved as a provider of nursing education by the Florida Board of Nursing, Provider #2731.

Americans with Disabilities

EMLRC wishes to ensure no individual with a disability is excluded from the conference. If auxiliary aids or services are required in order to attend this program, notify EMLRC 15 days prior to the start of the conference.
