

# LEADERSHIP ACADEMY

Established in 2012, FCEP's Leadership Academy provides the necessary orientation and skills development for those who aspire to become future leaders in emergency medicine.

# Welcome Message from Your Chair

As FCEP's current Leadership Academy Chair, I want to thank you for your interest in FCEP's Leadership Academy.

The Academy is a year-long program that focuses on providing all of the ingredients necessary to grow leaders in our field while harnessing your specific area(s) of interest. The Academy combines elements of mentoring, organization and guided experiences to selected participants who want to grow in their interest area of emergency medicine.

My personal goal for the Academy is to facilitate professional growth and energize the program into a highly-coveted springboard of leadership. We want to submerge participants into a pool of networking and leadership experiences, which span across our specialty, the state of Florida and beyond.

I know all too well the current demands and time constraints we have in our personal and professional lives. As Chair, I make it my personal goal to ensure the Academy does not interfere, but rather complements the commitments you may already have on your plate. This way, you get the most out of this unique opportunity and truly *enjoy your experience and all those you will meet*.

FCEP is committed to fostering your professional growth within the organization and sees the potential you may hold as a valued member in our ever-changing healthcare landscape.

On behalf of FCEP, I welcome all who have made that commitment to our patients and the practice of emergency medicine today, and those who desire to be our leaders of tomorrow. I sincerely hope you consider FCEP's Leadership Academy as that springboard for your career and future leadership endeavors. I look forward to answering any questions you may have, and wish you continued success in all your endeavors.

Sincerely,

**Pat Agdamag, MD, FACEP**  
FCEP Leadership Academy Chairman  
FCEP Board of Directors Member

# Program Details

## PROGRAM OBJECTIVE

The purpose of the Leadership Academy is to provide the necessary orientation and skills development for future leaders of FCEP and emergency medicine. Each Academy participant selects an area to focus on and works on projects that are aligned with FCEP goals and objectives. The bottom line is future growth and leadership opportunity for all Academy participants.

## PROGRAM GOALS

1. Recognize individuals with the potential to become leaders in emergency medicine.
2. Encourage support for participation by working with local FCEP leaders and group sponsors.
3. Provide orientation and receive one-on-one mentorship from active FCEP Board members and leaders. Provide opportunities to visit and network with ED medical directors, healthcare administrators and residency programs around the state.
4. Develop the leadership skills necessary to actively promote the specialty of emergency medicine on the local, state and national level.
5. Upon completion of the program, participants can successfully matriculate into a leadership position.

## COMMITMENT EXPECTATIONS

The program is one-year long and participants are accepted on a rolling basis. Participants are expected to attend the following:

### FCEP Board & Committee Meetings

November 28-29, 2018  
EMLRC in Orlando, FL

### FCEP Board & Committee Meetings
