Webinar Overview and Objectives:

In this session, we are going to jump in and talk about the basics of MCIs, the types, the types of triage, definitions, and a whole lot more. There is a plethora of approaches to MCIs around the world, so it is so important that we start off with common language and understandings.

- Define mass casualty incident (MCI) and describe the parts of MCIs including triage, treatment, incident command system (ICS) structure.
- Discuss the roles of the ICS structure and nuances of how it is used and when to use it.
- Define goals of EMS for MCIs.
- Define some triage systems (START vs SALT vs BLAST).
